System Features

Our Application Controller Contains Extra Features That Are Easily Accessed Through These Icons.

To Set Favorite Screens Or Commonly Used Routines for easy access.

To access the system Resource Manager for information on Scheduled Tasks as well as Analytic data to track comparisons and trends.

AmeraChat is a built-in chat and message center. Users and members of management can communicate directly through this feature.

To access the Help section of AmerCare for User Guides, Video Tutorials and Industry Regulation Information.

To access our company's website for Technical Support, Ordering Forms and getting Monthly Key Codes.

System Reporting

With AmeraCare you will find professionally designed reports and forms, which add to the quality a user will receive when managing documentation. *Crystal Reports* is the engine used by AmeraCare for the core of it's reporting.

Through AmeraCare's *User Defined Reports*, a user will discover a generous amount of pre-defined reports that are commonly needed to monitor and maintain efficient operations. A user may utilize the *User Defined Report Maker* to establish any custom reports needed for facility specific reporting.

AmeraCare also contains a multitude of Forms that can be utilized from admission through the discharge process. Most of these can be filled out electronically eliminating the need to handwrite. AmeraCare uses pre-printed forms when it comes to Physicians Orders and Medication Administration Records, giving the facility a professional document for the physician to review and sign. AmeraCare can print to a pre-printed claim document such as a UB-Form for those insurance companies requiring documentation for payment.

Management Tracking

As our industry continues to change, it demands certain focus in area's to maintain and ensure a quality level of care, to meet regulatory requirements, along with maximizing reimbursements.

AmeraCare contains tools for Management to easily focus on those area's that are key for successful operations. Through our *Resource Manager*, users with proper access can monitor Scheduled Tasks of other users to assure that those tasks are being performed in a timely manner.

Through our *Analytic* section members of management can also monitor data in graphic form to see trends or to compare against set goals to ensure your facility or facilities are operating at the level you desire. This type of data can also assist with pointing out where changes may be needed to reach your desire goals.

Integrated Systems

AmeraChart[®]

Our component that provides the Electronic Charting solution to area's such as Nurse Aid Charting, tracking Meal Percentages, Vitals, Weights, Nurses Notes and more...

CATT Therapy Systems

Our component for those facilities with their own rehab unit. This system ties the Therapy Department directly to the MDS and Billing sections of AmeraCare for added accuracy and efficiency.

Customer Service

AmeraCare's Customer Service is one you can depend on...

No matter what software system you use. There will always be the need for Technical Support. How well your staff receives adequate support to effectively perform their tasks, is an area that is sometimes overlooked.

Members of our technical support staff have been serving the Long-Term Care industry for over 20 years. We work hard to get questions and issues addressed as quickly as possible, establishing the type of relationship with our customers that build a sense of trust, in hopes of creating a pleasant and informative experience when that time for tech support is needed.

Commitment

AmeraCare is a product of Americana Corporation. All of the staff at Americana is committed to see that our products and services serve our industry and it's customers with the highest level of efficiency.

We want to see all of our customers be successful. We are committed to providing you with good data management tools to help you reach your desired success.

We know you have a choice when it comes to software, so we would like to thank you for your interest in AmeraCare and for this opportunity to serve you.
